

Silent Disco

IDEAS TO USE IT

EBH Radio Software

Please feel invited to your individual presentation
ebhinfo@ebh.com

You know silent disco as a dance event with several music channels. Get that from EBH as a "ready to use" turnkey solution.

It comes either...
with 3 music players, transmitters and however many headphones you need
or...

all of the above plus a video player with 200 music clips from the "golden era". The player works in a shuffle mode and you can broadcast the videos on LED-screens while transmitting the music as Silent Disco.

Delivered in one system case.

More EBH Cruise Line Products:

ROSI Background Music · Music concert Videos ·
Cruise Line Radio (sales and marketing tool)
SYNTHIA TTS Software – SYNTHIA speaks 30 languages

Some specifications for the genius MP3 player:

- › intelligent shuffle mode
- › automatic cross fade between the songs
- › automatic music update via WLAN every time when switched on
- › encrypted audio files

Transport box for 60 headphones

READY TO
Use

Your choice:

With video clips or music only. We provide a complete library with the best tracks from Michael Jackson, Bryan Adams, Bruce Springsteen, Madonna as well as clips from Rihanna, Ariana Grande and Taylor Swift and many more.

Let these tracks be played on your monitors in your lounges and discotheques during daytime.

- › EBH's silent disco comes with 200 video tracks – really the best of the best!
- › The audio transmitter is switchable between 10 and 50 mW for outdoor use.
- › Equipment is usable from 110 to 230 Volt

Please choose from more than 10 music genre playlists for your individual needs. PDF-Catalogue available.

The headphones are delivered in a box of 60 units and three power plugs to charge 20 simultaneously.

Optional: headphones with your own logo!
